

# Day 2 (Workshop)

Plagiarism in Higher Education - awareness, threats and consequences

Towards a strategic approach to combatting plagiarism  
Workshop

27.02.2024

Mohammad Khalil

# Live Q&A

## menti.com

Use code: **45 48 47 6**

Mentimeter

# **2 Cases for discussion**

# Generative AI

- **How** should the senior management at your institute check for plagiarism of unethical usage of generative AI to complete an assignment or exam or thesis?
- **Suggest** how can students ethically incorporate generative AI to enhance their learning?
- **Propose** penalties for misuse of generative AI in instances such as plagiarism and academic dishonesty

# Understanding the phenomenon of plagiarism: its complexity, types and practice examples

**Thank you!**

Plagiarism in Higher Education - awareness,  
threats and consequences
